

Title:	SAP cProjects Consultant
Position:	Full-time, Regular
Location:	US - Major Metropolitan Area
Relocation:	No
Education:	Bachelors Degree, MBA Preferred

Job Description:

These consultants will use their in-depth SAP cProjects consulting skills, SAP cProjects process and business knowledge and packaged solution expertise to effectively integrate packaged technology into the client's business environment in order to achieve client expected business results.

Desired Skills

2+ years of SAP cProjects configuration experience with hands-on technology/process transformation experience in at least 1 full life-cycle implementation in SAP cProjects, and a Bachelor's degree or equivalent experience: Major Field of Study: Computer Science. The SAP cProjects Consultant is responsible for the successful delivery of SAP cProjects technology/process deliverables. This role provides technical knowledge and manages client relationships within the context of an individual role. Activities include: configuration of the SAP cProjects Suite 4.0, as well as the development of work products and client deliverables. Consultants are expected to acquire and apply knowledge of all of LeverX's consulting methodologies, key technologies and engagement support tools. The preferred candidate will have experience with: R/3 v4.6 and above with at least one full life-cycle configuration experience with the SAP cProjects Suite 4.0 including cFolders, associated workflows and SAP cProjects interface points to other SAP modules such as PS, xRPM, HR, SD, FI, CO and PP. As the majority of our work is performed at client sites, 100% travel will be required and candidates must live near major metropolitan airports.
